Education

- 2012/2013 **Master 2 in *Intellectual Property Law***, *Sciences Po Law School*, Paris, Expected.
I am the co-founder of the Cyberlaw Project at Sciences Po Law School since 2010. My work is supervised by Professor Michel VIVANT, director of the Intellectual Property Master.
- 2010/2011 **Master 1 in Economic Law**, *Sciences Po Law School*, Paris.
The Sciences Po Law School curriculum provides students with a firm handle of fundamental concepts of law, a deep comprehension of their theoretical underpinnings, and a clear understanding of their practical implications.

Lectures taken in Master 1

Droit des obligations (French Contract & Tort Law), Pr. Christophe JAMIN
Conflict of laws & cross-border litigation, Pr. Horatia MUIR-WATT
Corporate and Finance Law, Pr. Bruno DONDERO, & Mrs Katrin DECKERT
Economic Law of the EU, Pr. Imola STREHO & Dr. Julio BAQUERO CRUZ
Competition Law (French), Pr. Dany COHEN (...)

- 2007/2008 **Bachelor in political studies**, *Sciences Po*, Paris.
↓
2009/2010 Sciences Po is a highly selective University. Its academic focus spans not only political studies but also human and social sciences, law and economics.
International Relations, Constitutional Law, World Politics, Cultural Stakes of Digital Era (in French), Philosophy, etc. ¹
- June 2007 **Baccalauréat**, *Economics and Social science*, *Summa Cum Laude*.
19/20 in Philosophy and Mathematics

Professional Experience

- September 2009 **Assistant to the President**, *Free Software Foundation Europe*, Berlin, Internship.
→ June 2010 FSFE is a non-profit and charitable organisation dedicated to Free Software. Since 2001, it has created general understanding and support for software freedom in politics, law and society-at-large.

1. Nihilism Apocalypse and Disenchantment – Ideologies of the End

Policy work at the European and United Nations level. Policy analysis, preparing briefings for the President. Participation in FSFE's delegation to the World Intellectual Property Organisation, liaising with government delegations and non-governmental organisations.

Independent, efficient and effective work in a dynamic, high-pressure environment. Support on both substance and logistics to FSFE's Freedom Task Force, including the world's largest network of legal experts on Free Software. Development and execution of PR campaigns. Blogging in English and French, public speaking, web design, translation work.

Publications

-*EIFv2 : Tracking the loss of interoperability*, with Karsten Gerloff, March 2010, FSFE, www.fsfe.org/projects/os/eifv2.en.html

-*Free Software, Free Society : Of Democracy and Hacking*, November 2009, blogs.fsfe.org (translated into French by the Framablog team)

Achievements – Organised successfully the Legal & Licensing Workshop in Amsterdam gathering legal experts in the fields of Free Software and more generally in the area of copyright, patents and trademarks. www.fsfe.org/projects/ftf/legal-conference.en.html

Coordination of a global campaign raising awareness on Open Standards, also with local activities. www.documentfreedom.org/2010/

Participated in a global debate on Web Standards for videos and the issue of patents licenses (about WebM, Theora v. H264/AVC)

Voluntary Commitments

March 2011
→ March 2013 **Member of the General Assembly, Free Software Foundation Europe, France.**
I was elected by the fellows of the FSFE to be the Fellowship representative at the General Assembly.

September 2008
→ Present **Co-founder, Digital Freedoms Association, Paris.**
Officially recognised by Sciences Po, we raise awareness amongst students and unions on digital stakes, including software freedom, which we have been promoting within the university. We also developed relationships with the university, including the Medialab.

Languages

French **mother tongue**
English **fluent**
German **basic**
